

Some of the students who took part in the exchange trip and attended last Saturday's gathering are shown above. The Centennial cake is in the lower right corner of the photo.

## Exchange Visit Travellers Attend Social Saturday

Young people who attended the Student Exchange visit last summer to Chicoutimi, Quebec, their parents and friends, attended a wind-up gathering in the Scout Hall in Drayton Valley Saturday evening.

A good crowd was present for the occasion, but unfortunately slippery roads are thought to have prevented several more from attending.

Movies taken during the visit to Chicoutimi and slides of Quebec and Expo were shown during the evening. The visit by Alberta students was filmed by Pierre Vachon of Chicoutimi from the time the students stepped off the bus on their arrival until their departure.

Jack and Cathy Bright escorted the students on the trip and Jack, as master of ceremonies Saturday evening, introduced each of the Centennial travellers who in turn introduced their parents and guests. Each of the students was called on to speak briefly on impressions of the trip.

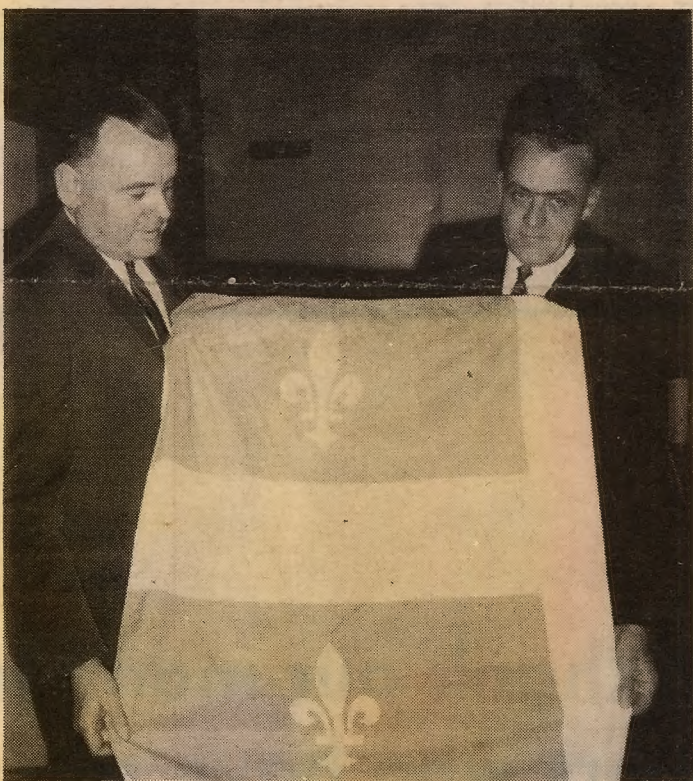

During the evening a presentation of the Quebec flag, a gift of the City of Chicoutimi, to the Town of Drayton Valley was made by Mr. Bright to Brian Gooding, Deputy Mayor. Mr. Bright performed a similar ceremony in Chicoutimi, presenting the Mayor of the City with a desk set featuring polished drill cores as a gift from Drayton Valley.

Lunch was served to close the evening, highlighted by the cutting and serving of a Centennial Cake.

## Air Cadet Promotions

F/L Coghill, ACLO now to be known as District Air Cadet Officer was present for inspection of Squadron #733 of the Air Cadet League of Canada, Drayton Valley, on November 16, 1967.

Cadets who received promotions as of November 1, 1967 are as follows: C. Swap, Cpl; W. Selin, Sgt.; M. Blake, LAC; E. Bonnet, LAC; B. Gosel, LAC; G. Metzger, LAC; B. Henry, LAC; R. Pajak, LAC; J. Hale, LAC; B. Lilje, LAC. Cadet B. Lilje has since moved to Hinton.

The Quebec flag, a gift of the City of Chicoutimi to the Town of Drayton Valley, is shown by Jack Bright (left) and Deputy Mayor Brian Gooding who accepted the flag on behalf of the community.

## NOTICE

Recently, as a result of several complaints pertaining to police matters, brought to the attention of Council, a very thorough investigation was conducted by the Police Commission into these matters.

A special meeting of Council was held at which the Chief, and then the Constables as a group were each in for interviewing and communicating the results of the investigation and directed, to, where necessary, change their approach and/or methods in their contacts with the public to conform to the recommendations brought in by the Police Commission.

The Council was assured of the co-operation of the Police Department and solicit the co-operation of the Public in insuring that our Town continues to be the town of which we are so proud.

## Commission Report Studied by Council

A special meeting of the Drayton Valley Town Council was held Thursday, November 16th. The meeting was called by Mayor Findlay on the advice of the police commission for the purpose of hearing the findings and recommendations of the committee following an investigation carried out by the committee during the previous seven days.

The Chairman of the Police Commission, Norman Swendsen, on invitation from the Mayor, read the findings and recommendations which the Police Commission arrived at from its week-long investigation of the complaints and rumors about the Police Department.

It was recommended that the members of the department be made aware of the manner in which the Council desires them to carry out their duties--emphasizing the need for good public relations and the maintaining of a good public image--and in this way

insure that maximum support and cooperation may be expected by the public.

The Chief of Police, and then the constables as a group were called in for interviewing and communicating the results of the investigation and directed to, where necessary, change their approach and/or methods in their contacts with the public to conform to the recommendations brought in by the Police Commission.

The Council assured the Chief of Police and constables that it would always support them when they were carrying out their duties in pursuance of the regulations and with reasonableness. However, they expected return support in that they would fulfill their duties diligently, conscientiously and effectively for the good of the town and its residents.

\* \* \* \*

Council approved the request of the Drayton Valley Lions Club to have Alberta Government Telephones install approximately eleven speakers on the utility poles in the business district for the purpose of carrying seasonal music during the period from December 4th to January 3rd.

No financial responsibility will be incurred by the town in the undertaking. The Lions expect to recover the major portion of costs involved by fees for spot announcements.

\* \* \* \*

Council approved the suggestion that the Regional District Agriculturist be offered the use of facilities in Drayton Valley where he could meet people from the rural area surrounding the town once or twice a week. The purpose of encouraging a local office is to make information easily available to area farmers who could benefit in the promotion and development of their farms.

\* \* \* \*

Council was advised of an invitation by Calgary Power Ltd. to tour either the Wabamun or Brazeau River Power Plant and a dinner to climax the day. The tour was scheduled for Monday, November 20th.

A woodpecker with a beak that is actually a chisel cuts into wood to find bugs his keen hearing locates for him.

## Funeral Service For W. Beckett

Funeral services for William J. Beckett who passed away November 13th were held at the Drayton Valley United Church on Thursday, November 16th. Rev. E. Martin officiated and interment was made in the Drayton Valley Cemetery.

Mr. Beckett, who was 71 years of age, was born in Ontario and came west in the early 1900's. He settled at Paradise Valley and left there to move to Drayton Valley in 1944. The family has since resided on a farm six miles south of Drayton Valley.

Mr. Beckett is survived by his wife Alice; three sons, Lyle, Vernon and James, all of Drayton Valley; a brother, Fred of Paradise Valley; a sister, Mrs. Florence Olsen of Edmonton; and twelve grandchildren.

Honorary pallbearers were: Ed Hines, Bob Landers, Len Martin, George Wapshott, Tommy Stewart and Foster Sutherland. Active pallbearers were: Fred Erickson, Truman Fry, Robert Johnson, Eddie Hines, Bill Roos and Sid Jefferies.

## INTERMEDIATE HOCKEY TEAM READY FOR ACTIVE SEASON

At a recent meeting the newest Drayton Valley hockey team was organized and named the Valley Voyageurs. The team, in the intermediate bracket, takes in players from 18 to 40 with the majority of the players in their early 20's.

The new team will play several exhibition games during the season and will also serve as a farm club for the senior Rebels.

Four practices have been held to date and a game is

scheduled for Thursday, November 23rd with the Pembina Pipeline Juveniles supplying the opposition. Game time is 7:30 p.m. and admission by silver collection.

Manager of the team is Emil La Branche and the coach Leroy Ness.

Secretary-treasurer Don Enyedy noted that the club is grateful to the donors whose generosity helped get the new team started.

### CHOPPER LANDS HELI-DRILL COMPONENT

The Pan American Petroleum Corp. seismic program in the Liard River Fold Belt area of the Yukon and Northwest Territories in Canada is being carried out, a step at a time, by helicopter-supported crews and equipment. Here, a section of the Heli-Drill, designed by Big Indian Drilling Co. of Calgary, contractor for the project, is being landed by one of the Bell 204-B helicopters used in the airlift. Though the Heli-Drill has been employed previously in exploration programs, the Pan Am venture is the unit's first use in a remote, mountainous area.

### AIR CADETS PLAN CHOCOLATE SALE

The Drayton Valley Air Cadets will be holding a door-to-door sale of chocolates on Tuesday, December 5th. Residents of the town are asked to keep the date in mind.

## Voyageurs to Be Honored

A banquet, organized by the B. P. O. Elks Lodge, Lions Club, Royal Canadian Legion, Rotary Club and the Chamber of Commerce, will be held in the Hotel Dining room on Monday, November 27th to honour the three local canoeists who took part in the Centennial Voyageur Canoe Pageant.

Those being invited to attend are John Nikel, Chief Voyageur; G. E. (Bud) Salloum Couer de Bois; and local voyageurs, Dave Ellery, Archie Griffith and Dave Maclure.

The evening will get underway at 6:30 p.m. with refreshments being available, followed by dinner at 7:30 p.m. and showing of colored slides depicting the canoe trip from Rocky Mountain House to Montreal. Comments during the slide presentation, will be made by Mr. Nikel and Mr. Salloum.

A presentation on behalf of those present, will be made to each of the local canoeists.

### Three Churches Combine for Special Program

A special talent night of sacred music will be held in the Drayton Valley Pentecostal Tabernacle on Saturday evening, November 25th.

Talent for the evening's program will come from the Church of God, Calvary Baptist Church and the Pentecostal Tabernacle.

There will be no charge for admission and a cordial invitation is extended to everyone.

### BURTONSVILLE NEWS

Mrs. A. Homme, Correspondent.

The storm on Saturday brought  $3\frac{1}{2}$  inches of snow to this area as well as dropping the temperature to one above zero. Roads were very slippery and everyone seemed satisfied to keep off until the roads were ploughed.

David Tattersall helped his brother Edward of Keephills to build a shelter for the calves. Edward has now gone north to work for the winter.

Stanley MacDougall of Burtonsville and his nephew, Malc MacDougall of Keephills had good luck on their hunting trip when Stanley bagged a moose.

Axel Homme enjoyed a friendly chat with Frank Jenkins from Drayton Valley when they met in Stony Plain on Tuesday. They have known each other for years and worked together in the logging camps.

Mr. and Mrs. Art Bryant visited at Mary Tattersall's on Monday.

Cubmaster Neil White congratulates Ricky Wickland on his achievement of five stars and promotion to Senior Sixer.

## Five Stars Earned By Ricky Wickland

Ricky Wickland of the 1st Drayton Valley Cub Pack (B), son of Mr. and Mrs. L. Wickland, is the first Cub in Drayton Valley to obtain his five stars under the new five star system. Having achieved his five stars Ricky was made a senior sixer, this being the highest rank in Cubs.

To achieve the five stars, Ricky had to pass the following requirements to do with nature; Blue Star, 8 requirements dealing with community and country; Green Star, 7 requirements to assist you to develop self-reliance; Red Star, 11 requirements dealing with physical fitness and safety; Tawny Star, 8 requirements to develop creative skills, use of hands and use of imagination.

Ricky has also earned nine proficiency badges which include his green, bronze and silver swimmers badges.

As to the qualifications for the rank of a Senior Sixer, he should be one of the oldest, neatest and smartest boys of the Pack, a five-star cub with most of his proficiency badges. Where the Senior Six rank is

used it is recommended that the appointment be made not longer than six months prior to the time of his leaving the Pack to go up to Scouts.

As a Senior Sixer some of Ricky's duties will be, care of Totem Pole, leading the Pack in the Grand Howl and assisting the Cubmaster and his assistants with pack activities until December when Ricky will go up to Scouts.

In order to achieve all his stars a Cub must have his parents encouragement and help as well as that of his Cubmaster and assistants.

Ricky received the congratulations of fellow members of the pack and leaders who expressed the hope that he would continue the good work when he leaves Cubs to go up to Scouts.

### OIL RESERVES

Alberta's crude oil reserves of almost six billion barrels constitute 89 per cent of Canada's total and are the largest petroleum source in the British Commonwealth.

## Canadian Coachways Announces Changes

New equipment and more convenient times will provide improved service to bus passengers in Central Alberta, according to an announcement by Canadian Coachways. The improvements are scheduled to coincide with new "Green Circle" fares going into effect November 27th. Combined with off-season rates, the new fare system will result in reductions of up to 30% on most routes.

New and refurbished buses will be put into service and

some schedules have been altered to coincide with peak travel times and provide passengers with better connections when changing buses.

The Edmonton-Drayton Valley-Lodgepole run will be served with a refurbished Canuck, a 41 passenger unit operating on the same schedule as at present. Schedule from Lodgepole daily except (Sunday): Leaving Lodgepole 7:00 a.m. (5:00 p.m.), arr. Drayton Valley 8:05 (5:35), Edmonton 10:20 (7:55). Schedule to Lodgepole daily except (Sunday): Lv. Edmonton 6:00 p.m. (10:00 p.m.), arr. Drayton Valley 8:20 (12:10); Lodgepole 9:10 (12:40).

Since increasing its Central Alberta operations through the acquisition of Sunburst Motor Coaches (including the Sorenson, Northland Arrow and Blue

Goose routes) in May, 1966, the Coachways System has carried out continuous research aimed at improving service. This has resulted in the present upgrading of equipment and timetable changes.

The "Green Circle" fare promotion is an experiment being conducted in Central Alberta only. It is aimed at increasing business, particularly during off-peak travel times. An assessment of the promotion will be made in September next year. If the scheme proves successful it will be implemented in other parts of the Coachways network.

## BUCK LAKE NEWS

The Buck Lake Board of Trade held its monthly meeting in the Club House on Monday, November 6th.

Mr. and Mrs. Paul Huckerby and Paula were visiting at the Mel Dawson home over the weekend.

The Girl Guides held a meeting in the Buck Lake Hall on Thursday, November 9th.

Mr. and Mrs. Don Molyneux and girls were visiting at the Lawrence Bohning home over the weekend.

The Buck Lake Home and School Association held a show in the Buck Lake Hall on Saturday, November 18th.

The Girl Guides held a tea Bazaar and bake sale in the Buck Lake Hall on Saturday, November 18th.

Mr. John Anderson and Mr. Wilfred Anderson motored to the north end of Buck Lake to check the Dam.

Mr. and Mrs. Steve Hlavoy and family of Calgary were visiting family and friends in the Buck Lake district over the weekend.

The annual meeting of the Buck Lake Community Recreation Centre will be held in the Buck Lake Hall on Tuesday, November 28th. Everybody welcome.

## Interesting Artifacts Displayed In Molson's Edmonton House

"A rich and bountiful country--abounding in all kinds of animals especially beavers and otters, which are said to be so numerous that the women and children kill them with sticks and hatchets..."

Thus wrote Angus Shaw of the North West Company in 1795, as he journeyed near the mouth of the Sturgeon River, within 20 miles of Edmonton's present site.

The North West Company built Fort Augustus in the area of the present city of Edmonton in 1794. The following year, in 1795, the Hudson's Bay Company constructed Fort Edmonton "just a musket's shot away".

Competition between the two was vigorous--and often violent, until the destruction of Fort Augustus by Indians about 1810. It was never rebuilt. After this period of rivalry, the two companies amalgamated

under the single name "Hudson's Bay Company". The final Fort Edmonton was completed in 1832 and not dismantled until 1915. An Alberta Government cairn stands on the site in the grounds of the Alberta Legislative Building.

The present Molson's Edmonton House is a replica of one of the original Fort Edmonton buildings. The Gate, Block-houses and surrounding stockade are built to scale--over five miles of logs were used in the construction. No attempt has been made to feature an extensive display of any one special category of historical objects in the House, but rather, the present collection is representative of the many facets of pioneer life.

The largest single collection is that of small arms. A variety of rifles and pistols used for hunting and the protection of the Fort inhabitants is shown.

An especially interesting display is the Winchester ammunition dated 1890.

There is an interesting collection of miscellaneous artifacts including an organ, early piano, typewriter, and a spinning wheel. A pair of scales and animal traps represent trading items used at the time. On the walls hang complete skins of bears, ermine and marten, as well as a beaver skin, the pelt which started the fur trade in Canada, prepared for shipment in the traditional manner. Snowshoes, reproductions of authentic pioneer furniture and massive stone fireplace complete the picture of life in the days of Fort Edmonton.

A more recent addition to Molson's Edmonton House is the Alberta Sports Hall of Fame which includes pictures and action photographs of Alberta sportsmen and athletes.

## Editorial — Comment

### Some Good in Coyotes

With a little more wintry weather the season for snow mobiles and winter fun outdoors will be on us again.

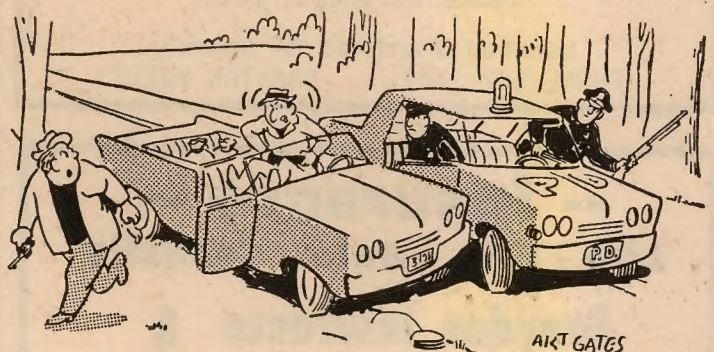

At this point we would like to put in a word for a minority group whose life expectancy has declined with the advent of motorized toboggans. The hand of almost every man appears turned against the coyote family and with toboggans and rifles to flush him out and run him down the wily old coyote doesn't seem to have the edge he formerly enjoyed.

Certainly we have no complaint with outdoors types bagging an occasional coyote but we would hate to see all the rifle-toting toboggan owners attempt to equal the record of one Edmontonian whom we understand reduced the coyote population by a total of 125 last winter. Multiply anywhere near that figure by the number of hunter-tobogganists and you can readily see the jeopardy to the coyote race.

Despite the fact that the coyote is responsible for occasional depredations against farm livestock his important part in nature's scheme of things is indisputable. Reduce the coyotes to below their effective numbers and rodents will multiply to the point where their ravages will make the coyote's occasional chicken look like a drop in the damage bucket.

We don't question the fact that control of coyote numbers in certain areas is at times necessary. However, control measures should be in the hands of competent authorities, and not left to the discretion of Sunday shooters.

All predators, animals and birds alike have always been prime targets and the day must surely come when even the coyotes, hawks and owls will come under the protection of the law. Man, the greatest predator of all, has already inflicted enough stupid mistakes on the animal kingdom and it's possible by now we have learned something from our long history of errors.

"You and your confounded seat belts!"

## Sundance 4-H Garden Club Reorganized

Ian Ferrier, Club Reporter

The re-organizational meeting of the Sundance 4-H Garden Club was held on Tuesday, November 14 at the home of Mrs. E. Ferrier. There were 13 members present, and 2 more joined later.

Mr. T.J. Ferrier was Chairman for the election of officers.

Mrs. E. Ferrier was elected as leader, and the adult committee are Mrs. L. Gardener and Mrs. E. Wood.

Officers for the year are: President, Peggy Wood; Vice-president, Terry Bentley; Secretary Dorcas Hilt; Treasurer, Heather Sinclair; Reporter, Ian Ferrier; and Historian and Council Rep, Scott Sinclair.

After the elections a vote of thanks was extended to Mrs. Gardener for her work as leader the past three years. Lunch was served.

## Anglican Women Elect Officers

The regular November meeting of the Anglican Church Women was attended by nine members. Mrs. Burrows opened the meeting with a Litany of Thanksgiving, followed by a lesson on loving obedience from St. Luke.

Rev. G. Ingram was chairman for the election of officers. Elected for the new term are: President, Mrs. D. Krey-

cik; Vice-President, Mrs. F. Neil; Secretary-Treasurer, Mrs. J. Tyler; Historian, Mrs. D. Bills; Educational Secretary, Mrs. H. Hammerlindl; Mission Secretary and Prayer Partner, Mrs. G. Ingram; Dorcas Secretary, Mrs. N. Urchyshyn; and Family Life Department, Mrs. J. Ibbotson.

Mrs. W. Rose is the convener for Altar flowers. Please

contact her for your donation on occasions of remembrance or thanksgiving.

The Family Life Department will be asked for volunteers for baby sitters during services.

Life is a grindstone, and whether it grinds a man down or polishes him up depends on the stuff he's made of.

The earth is the third planet away from the sun.

## The 1968 Ford. Quiet. Strong. Beautiful. A great road car.

The 1968 Ford: the newest expression of the Fords that showed themselves astoundingly strong, wonderfully quiet—test after test, drive after drive. Back in 1965, Ford showed itself even quieter than a Rolls Royce... in 1966, Ford showed its quiet strength against the finest European luxury cars... in 1967, Ford showed its rugged durability conquering the steep steps of the Los Angeles Coliseum. Now in 1968, the new generation Ford is, more than ever, a great road car.

Every one's a beauty too: the formal, elegant 2- and 4-door LTD'S. The racy convertibles. Luxurious wagons. A spirited new fastback that seats six. And behind the good looks, better ideas: power disc brakes, rear window defogger, 7 position tilt steering wheel, "no headlight" headlights (neatest disappearing trick of the year), AM Radio-

StereoSonic tape system and lots more. So many features, in fact that your '68 Ford is almost custom outfitted for you.

Ford's new improved SelectShift transmission (works both manually and automatically) puts three speeds into action, for greater flexibility and livelier performance with Ford's new V-8 engines. V-8's from a brand new 302 CID powerplant... all the way up to the rugged 428. For snappy performance plus six-cylinder thrift, there's the 240 cu. in. Big Six.

Try the 1968 Fords. Quieter because they're stronger. Stronger because they're better built. And beautiful. Great road cars.

### Tomahawk Club Plans Bazaar

By Valerie Ward  
Club Reporter

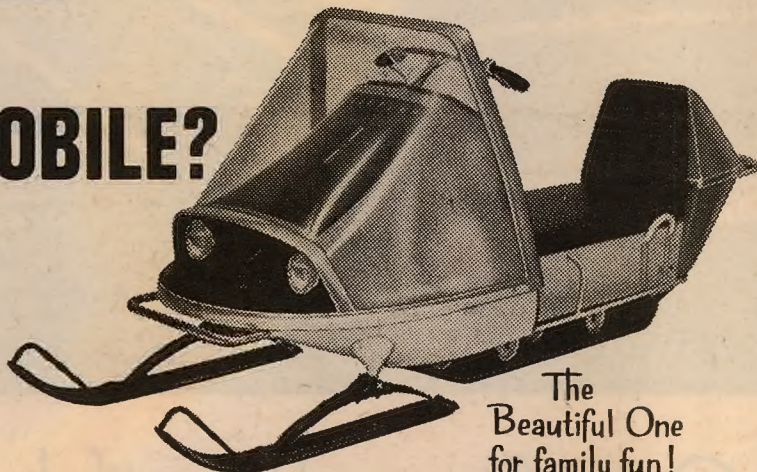

The Tomahawk Nimblefingers held their second meeting at the home of Carol and Joyce Bent on October 16th. The meeting was called to order by Donna Jouan leading the pledge.

Members discussed the bazaar that is to be held December 9th at the Tomahawk Hall. Material was ordered for the bazaar.

Gail Lukaniuk gave a demonstration on how to prepare project books.

The evening came to a close with the hostesses serving a very delicious lunch.

## ALDER FLATS NEWS

A welcome is extended to the two new families who have moved into this district. Mr. and Mrs. Ed Langmier and Bernard moving from Rimbey to the Ben Jeffcott farm, which they purchased recently. Also Mr. and Mrs. H. Bolander and Cheryl from Drayton Valley residing now at the Great Plains Development.

Mr. and Mrs. Wally Ushko will be in Edmonton about six weeks, while Wally is taking his third year apprentice Lineman course for Calgary Power at N.A.I.T.

Sunday visitors recently at the Pete Maciborsky home were Mr. and Mrs. James Maciborsky and family of Wetaskiwin.

Recent visitors at the Roy Nerdahl home were Mr. and Mrs. L. Pluime from Falun.

There was a good turn out at the liquid embroidery tea held at the home of Mrs. Sandra Forchuk Tuesday evening. Mrs. Ester Hammond was the demonstrator.

Mrs. Paul Clemmer returned home Thursday after a week's stay in the Drayton Valley Hospital where she had undergone a major operation.

J. L. Seely and Dave Donnelly have returned from the south namely, Gem, where they spent a week duck hunting, and report bagging their limit.

Mr. and Mrs. Frank Pye of Alix and Mrs. Pye of Wetaskiwin spent the weekend at the Elgin Nicolls home, they also visited with other relatives in the district.

Visitors at the E. E. Seely home over the weekend were Mr. and Mrs. Carl Janke and Son of Rimbey and Mr. and Mrs. Al Clemmer and family of Swan Hills. The latter also visited with D. Clemmers.

More visitors at the home of the Dick Clemmers were Mr. and Mrs. Dale Clemmer of Whitecourt and Mr. and Mrs. Claire Clemmer and family of Wainwright.

Mr. and Mrs. Reg Anderson (nee Judy Thrower) of Red Deer arrived on the weekend to visit and to escort their small son back home after spending a week with his grandparents, Mr. and Mrs. L. Thrower.

Mr. and Mrs. James Hammond, son, and Butch Preepier all from Edmonton were weekend visitors with Mr. and Mrs. Clyde Hammond. Butch is a grandson of theirs.

Mr. and Mrs. Ronald Blades entertained their family over the weekend. Making this an extra special occasion was making the acquaintance of their new grandson, Calvin, son of Gordon and Ruth Blades of Red Deer. Also visiting with them for the occasion were Dale and Elaine Rhyason of Edmonton who were overnight guests at the Ken Hayduks.

Mr. and Mrs. Wm. Zekewski and Michelle were at Sunnybrook on Sunday visiting Mr. and Mrs. L. Mettel.

Mrs. Joan Karpow and family and Phillis Meyer of Edmonton

were out for the weekend visiting relatives. Joan and Phillis were overnight guests at the Steve Stefura home, while Toozie spent the night at the Victor Stefura's and the boys at the Roy Miller home.

Mrs. Stowell is at Ponoka visiting for a few days.

The Lars Larsons have purchased a new Meteor car.

Mr. and Mrs. Alex Danyluk left Monday night for Edmonton to attend a four-day Municipal Convention. In their absence Mrs. Margie Hammond will manage the store.

The Girl Guides invested on Tuesday night from here were Karen Gnyp, Susan and Debbie Wennerstrom and Mary Dunn.

The regular meeting of the Cubs and Scouts association was held at the home of Mr. and Mrs. J. L. Seely on Tuesday evening. Topics discussed were, the annual budget, planning for the training program to be held soon and the need of more leaders for the Cubs, as there are now 32 Cubs enrolled. There are 16 Scouts. The next meeting will be held December 5th at 8 p.m. at the Legion Hall, open to anyone interested in attending.

Attention: All parents interested in having Pee Wee's this year please attend the next 4-H meeting December 8th at 8:30 p.m.

## EVANSBURG

Report cards came out today--the first for this school term so all the boys were doubly excited on their arrival home tonight. So far school progress seems satisfactory.

I was reminded again today to be sure and remind you to keep that porch light on, Thursday, the 23rd to help the Kinsmen in their peanut sales for this season.

The Styal FUA local No. 536 held a meeting at the Mazeppa home recently and plans were made for the annual social event of the group.

This group does not plan very many events, socially, so around this time of the year, they plan a gala smorgasbord supper, followed by the annual meeting and discussion of farm policy and practices for the past year. This year, the party-meeting will be held at the Pete Kremenik home on Tuesday, December 5th. Final canvassing plans were discussed at the recent meeting and Mr. M. Mazeppa was appointed delegate to the FUA convention to be held in Edmonton, on December 11th, 12th and 13th.

We are very sorry to hear that Mr. A. DeJong is in the hospital and we wish him a speedy recovery.

The Civil Defence Short Course held here recently was very well attended by many people from the surrounding area as well as many village residents.

Don't forget the annual meeting and banquet for the Pembina Regional Council of Boy Scouts of Canada which will be held in Whitecourt on November 24th.

# Have you ever wondered...

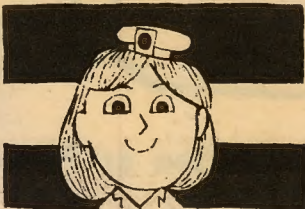

## ... what has proved the most effective weapon in the war against disease- carrying insects?

It's research. Research to identify those insects which transmit disease from animal carriers to man; to discover methods of control and to develop preventive measures. Field work on such research in our province is carried out by the Entomology and Vector Control Branch of the Alberta Department of Health. When a disease is reported, these teams trace the source of the infection, determine the area involved, then institute a control program. While this research is being carried out, warnings are posted throughout the area and residents are advised on preventive measures to be taken. Another service provided by the Branch is the identification of household insects. Any Albertan can learn the nature of and control methods for an insect infestation in his home by sending a specimen of the invaders to his city Health Department or local Health Unit. These agencies are equipped with insect control sheets issued by the Branch but, if they are not able to make identification from this information, they will forward the specimen directly to the Entomology and Vector Control Branch for positive identification and control recommendations.

## ... who supplies the "lady in the grey cap" to Alberta hospitals?

The lady in the grey and white uniform and cap is a Nursing Aide, trained and qualified to provide personal nursing care to patients in hospitals, institutions and homes. Her vocation is service and her duties include many of those which were formerly assumed by the trained nurse. To meet the demand for this valuable member of the nursing team, the Alberta Department of Health maintains two Schools for Nursing Aides, one in Calgary, one in Edmonton. To gain admittance to the school, an applicant must meet certain scholastic requirements, be in good health and of good character, with a pleasing personality. She must be well-groomed, be interested in people and have a strong sense of duty. Her training consists of a 40-week course, of which the first 19 weeks include lectures on such subjects as anatomy, physiology, nutrition, nursing procedures, bandaging and emergency nursing, child care and development, care of mother and child, administration of medicine, and geriatrics. Practical instruction and actual experience in bedside nursing are gained through twenty weeks' work in hospitals. The final week of the course is devoted to examinations. The lady in the grey cap is a quality product, fully qualified to assist in protecting the health of Albertans through her training at the School for Nursing Aides.

## ... what happens to Alberta government wards who are unable to adjust to foster home care?

Some children under government care find it impossible to fit into the regular system of foster homes. This once meant they were moved from home to home in an attempt to find the right environment with the result that the children suffered personally, academically and socially from such moves. The Homes and Institutions Branch of the Alberta Department of Public Welfare today maintains a variety of outlets for these youngsters, the latest of which is the Diagnosis and Treatment Centre in Edmonton. The first complete unit of its kind in Canada, the Centre houses twenty boys and twenty girls in two dormitories which provide complete living accommodation; plus thirty more children in three cottages, each with room for ten. The administration building contains special educational facilities, is staffed by selected teachers, and the Centre will be completely self-contained with the addition of recreational facilities to provide an outlet for the children's energy. Group Homes are another recently-developed method of housing government wards. In these, a housemother and a housefather provide a home environment for six to eight children, living in a regular house in a regular neighborhood. Children who cannot be fitted into any of these areas are often assigned to special foster homes specifically chosen by the Homes and Institutions Branch to suit the child's personality.

## ... who teaches the people who teach people to have fun?

Each year, a group of young men and women from all over Alberta gather in Drumheller for the specific purpose of learning how to teach people to have fun. These are candidates who have been

nominated by their local recreation authorities or other responsible community organizations, to attend the Recreation Leadership School held annually by the Recreation Branch of the Alberta Department of Youth. The purpose of the School is to provide persons interested in leading recreation activities with the opportunity to develop their leadership skills. Required subjects during the first year course are recreation leadership, anatomy and first aid, group games, square and round dancing and community singing, with such options as gymnastics, drama, sports and crafts. Second year students take recreation and arts workshops and social dancing, with such options as tennis, archery, swimming and outdoor recreation. On graduation from the Recreation Leadership School, the candidates are qualified to return to their communities to act as activity leaders in local recreational programs.

## ... how many candidates write "departmentals" each year in Alberta?

Last spring, approximately 50,000 hopefuls attempted Grade 9 and Grade 12 exams, which meant over a quarter of a million examination papers had to be finalized, distributed and marked by the Examinations Branch of the Special Services Branch, Alberta Department of Education. All examinations were prepared one year in advance by Alberta teachers. These were reviewed and, where necessary, revised by the Department with the assistance of teachers and people of the University of Alberta, then distributed to the schools where they were administered. The completed papers were returned to the Examinations Branch for scoring. The massive task of marking the exams required over 600 people, 350 of whom were examiners and the remainder clerks. With the assistance of the provincial data com-

puter centre, result cards were mailed to the candidates for Grade 12 by the end of July, for Grade 9 by mid-August. In addition to handling departmental exams, the Examinations Branch also evaluates documents from other provinces to assess new pupils' positions in the Alberta School system.

# Improved Pasture Required For Rising Beef Demand

A rising demand for beef is expected to cause cattle numbers in Canada to increase more than 50 per cent by 1980 and these cattle will need the equivalent of an additional 11 million acres of improved grassland.

That is the central point of a thesis written by Melville L. McMillan, graduate student of the Department of Agricultural Economics, University of Alberta.

Since about 40 per cent of Canada's cow population is in Alberta, an extra 2,750,000

acres of improved grassland will be needed in Alberta by 1980.

Mr. McMillan surveyed 1,377 Alberta farmers in his study of provincial pastures. He found that there was 19.3 million acres of land used solely for pasture in Alberta, apart from public grazing land. Of this private pasture, 85 per cent was unimproved native forage.

"Despite the large acreage" Mr. McMillan says, "unimproved pasture provided only about 60 per cent of the total

grazing. The relatively small proportion of tame pasture produced over 18 per cent of the total forage grazed. Crop residues provided over 12 per cent of the total grazing."

Eighty per cent of the 13.4 million animal unit months of grazing came from privately owned land. Pasture leased from the government provided the remaining 20 per cent, but occupied 44 per cent of the pasture land.

Nearly 60 per cent of the provincial pastureland could be improved to provide more grazing. The most common improvements included clearing land, control of brush, re-seeding, fertilization and adding additional watering facilities. A total of 1.67 million acres of privately-owned land was available to develop for grassland. Sixty-five per cent of this acreage was found in the three most northerly districts of the province.

Mr. McMillan says the main factors which hindered further improvement or development of land for pasture were better uses for limited capital, lack of time and restricted credit. Those who had made improvements appeared relatively unrestricted by credit limitations had 10 to 30 years of farming experience and had a higher level of total sales than those not improving pasture. Both groups had the same potential arising from the improvement or development of privately-owned land in northern Alberta would occur only if prices were moderately above the 20-year average.

The cattle population also might increase if improved management practices produced at least an 85 per cent calf crop as a provincial average. The improvement of the percentage calf crop seemed not only possible, but necessary, if cattle operations in many areas were to be profitable. Re-seeding native pasture and hayland to tame forages is a profitable method of increasing forage production in

all regions of Alberta.

There should be about 1.75 million beef cows in Alberta by 1980. This would come about due to the potential for pasture improvement combined with improved beef prices and cattle management, Mr. McMillan concludes.

## KEEPPHILLS NEWS

Mrs. G. Raymond, Correspondent

Gordon and Sharon Bryant of Drayton Valley were guests at the home of their parents, Mr. and Mrs. Art Bryant and Mr. and Mrs. Cliff Couch last weekend.

Mr. and Mrs. Morgan Lloyd and family have moved into Edmonton.

Mr. and Mrs. Art Bryant spent a few days in Edmonton with Mr. and Mrs. George Bry-

ant last week.

Kepphills school children were pretty excited about having a holiday granted to them by the Governor General when he visited Edmonton recently.

Nora Dombrosky spent a few days with her sister-in-law Margaret MacDonald in Edmonton and also visited her son Ivan and family.

About four inches of snow fell in this area on November 11th.

Laura and Ed Bacon had Laura's parents, Mr. and Mrs. Wayne Clark, Brenda and Susan visit them last weekend.

Sharon Moger spent a few days in Edmonton shopping. Joyce Schwalbe is in the Stony Plain hospital at present undergoing tests.

Mary LeGrand was helping her sister with her work a few days in Edmonton, and taking care of her new niece, who is home from the hospital.

Mary Ewashko was at home for a short visit recently.

## BOWLING RESULTS

### MIXED LEAGUE

In Mixed League bowling for the week ending November 10th team standings are as follows:

Monday, 9 p.m. -- Hot Shots 23; Satellites, 26; Pea Soups, 22; Rolling Stones 9; Twilights 8; and Hammerheads, 20.

Tuesday at 7 p.m. -- Comets 14; Diddlers, 8; Blue Ribbons, 23; Scamps, 21; Jays, 28; Humbugs, 14;

Tuesday, 9 p.m. -- Tinkers, 29; Carls, 22; Bimbos, 17; Mr. Clean, 10; Untouchables, 13; and Orbits, 17.

Wednesday at 7 p.m. -- Nitwits, 15; Gay 40's, 27; Sloppy Joes, 15; Flappers, 17; Spurters, 14; Tippers, 20.

Wednesday at 9 p.m. -- We-Blew-Its, 21; Miners, 18; Falling Stars, 20; Kay Jays, 18

18; Pin Killers, 12; and Swingers, 19.

Thursday at 7 p.m. -- In Crowd, 22; Blackouts, 24; Rockets, 13; 5-Pins, 18; Flickers, 17; Wayouts, 14.

Friday at 9 p.m. -- Stinkers, 25; Sure Shots, 13; Yahoos, 13. Odds & Ends, 28.

The ladies high single was bowled by Delia Duperron, 267 and the high triple by Gerry Sharkey, 644.

The men's high single of 335 was bowled by Ron Howatt and the high triple of 736 by Rick Maertz.

The team high single was captured by the Wayouts with 1009 pins and the Tinkers took the high triple with 2887 pins.

High averages are: Rick Maertz, 254; Elmer Schwab, 216; Gordon McMannus, 215; Ron Howatt, 199; Larry Johnson, 198. Ladies high averages are: Betty Bohnet, 194; Irene Frank, 179; Gerry Sharkey, 179; Delia Duperron, 183; and Bea Lainchbury, 178.

### MEN'S LEAGUE

In Men's League Bowling for this same week the team standings are: Boo Boo's, 27; Elko's, 12; Old Rams, 16; and Fire Balls, 11.

The high single of 284 was bowled by Rick Maertz who also scored the high triple with a total of 764 pins. The Old Rams took both the team high single and the team high triple with 1107 and 3114 respectively.

High averages are: Rick Maertz, 244; Gordon McMannus, 215; Emile Hagman, 210; Stan Metelski, 210; Jim Clark, 205.

### LADIES LEAGUE

In Ladies League Bowling total team points are as follows: Monday league--Zeros, 25; Crickets, 19; Blowers, 11; Gay 5's, 26; Moby Dolls, 13; and New Comers, 9. Tuesday league, Nabob's, 28; Kookies, 21; Dropouts, 15; Old Timers, 13; Hurley's Hurlers, 15; and Aces, 16.

The high single was bowled by Merle Featherstone with 250 pins and the high triple was also taken by Merle Featherstone with a total of 586 pins.

The team high single of 958 was bowled by the Kookies and the Dropouts took the team high triple with 2599 pins.

High Averages are: Delia Duperron, 192; Betty Bohnet, 183; Irene Frank, 177; Stella Bray, 174; and Ruby Hurley, 173.

## NEW ROTARY MEMBERS

Jack Bright (right), past president of the Drayton Valley Rotary Club, is shown performing the induction ceremony for three new members at last week's regular Rotary meeting. From left to right, the new members are Howie Janzen, Otto Nickel and Ron McCartney.

## Entwistle News

Mrs. E. Oliver, Reporter

The Entwistle O. O. R. P. are holding a Tea and Bazaar on November 25th in the Elks Hall. It will begin at 2:30 and continue to 4:30.

At the Home and School meeting which was held on November 8th there were about 25 present. A new secretary, Marian Nelson, was nominated.

Mrs. Marlyne Nelson and Mrs. Betty Brown attended the 4-H Conference in Edmonton, on November 6-8. It was reported to have been very enlightening and enjoyable.

The Elks social evening which was held on November 4th was very well attended

and enjoyed by all. H.R. Lady Reid wishes to thank all those who helped in any way.

A Pot Luck Supper was held on November 8th for all who want to curl. The ladies curling committees were formed with the following taking office: President, Vera Starling; Vice-President, Ruth Messenger; and Secretary, Meg Swinnerton. The men will hold a meeting in the near future to pick their committees.

The Happy Hour Bible Club enjoyed a progressive supper on November 3rd. Several homes in the district treated the children and in return they presented some of the things they had learned and also sang several songs. A marvellous time was had by all. This

club has it get-togethers every Friday evening from 7-9 p.m. Anyone is welcome to join.

Don't forget the Three Hills Bible School Choir which will be here on November 25th, in the Entwistle Community Hall. All are welcome. They will also be here for the Sunday School and Church Service on November 26th which will be the Anniversary Celebrations.

The Parent-Teacher interviews were a great success as the late afternoon and evening sessions were well attended. It is very gratifying to see so many parents out and take an interest in their children, and their work. This makes it easier for the teacher to get closer to the family and understand things.

## Drayton Valley First to Respond to CMHA Plan

The "Centennial War Against Mental Illness" started by the Edmonton Branch of the Canadian Mental Health Association is going into its second phase. The "war" was started during Mental Health Week (May 1-7) with the first objective being the "Mile for Mental Health", a mile a signature supporting CMHA's Five Point Plan for better mental health services in the province.

1. Medical integration of psychiatric services with the rest of medicine.
2. Regionalization of psychiatric treatment services.
3. De-centralization of management and administration of psychiatric services.
4. Continuity of care through all phases of illness.
5. Co-ordination of psychiatric services in hospitals, clinics, and other centers to achieve maximum effectiveness.

Since that time, CMHA's cry of "We care--don't you?" was picked up by people throughout the province and ended in a petition being supported by over three miles of signatures--including that of Premier Ernest C. Manning. DRAYTON VALLEY FIRST

Now C. M. H. A. is reaching

## Second Section

## THE WESTERN REVIEW

Drayton Valley, Alberta

Vol. III, No. 48 Nov. 22, 1967

for its second beach head--that of gaining the support of municipalities in the province of Alberta. Letters have been sent to all municipalities in the province with the Town of Drayton Valley being first to reply. The Mayor and Council unanimously passed a resolution approving of C. M. H. A.'s Five Point Plan.

Individuals have given full support to the mile for Mental Health and now we are asking that the municipalities show that they care about the greatest waste of human resources in our country.

The Five Point Plan for better mental health services and the many miles of signatures supporting it will be presented to the Provincial Government some time in November.

# D. V. Highlights

BY MRS. EDITH DEBY

Mr. Francis Law is a patient in Edmonton General Hospital where he will have tests, and possible surgery, for a digestive disorder.

Mr. and Mrs. Bob Mitchell, or Wenatchee, were visitors for a week in the Harry Zolmer home. Mrs. Mitchell is Mrs. Zolmer's niece. While Mr. Mitchell hunted moose the two ladies, who had not seen each other for years, had a really good visit. P.S. No moose.

Police Chief Robert Doig attended the Western Traffic and Parking Association Convention in Prince Albert recently.

Mr. John MacKenzie now has that grandson he has been talking about for years. The MacKenzies have five lovely little granddaughters but no grandson until November 16th when a son was born to Mr. and Mrs. George Robertson, nee Isobel MacKenzie. The little newcomer has been named George Douglas.

Our sympathy is extended to Mrs. William Beckett, Lyle, Vernon and James in their bereavement.

Mrs. Gordon Hay, who had the misfortune to break her foot in a car accident three weeks ago, is home from hospital and is getting about on crutches.

This town has become ceramics minded and Mrs. Doig, our expert in this field is kept very busy indeed.

Mrs. Kenneth Helander,

"It is my duty to advise you of your constitutional rights."

who is convalescing after an operation, has had her parents, Mr. and Mrs. Percy Mattingley, with her. The Mattingleys formerly lived in Turner Valley and Devon and are now settled in Edmonton.

Met the former Georgena Kermode--forgot to ask her married name--in Edmonton last week. We had only a few minutes to visit, but we covered a lot of ground. Her sister, Evelyn, is married, has three children and lives in Whitehorse. Brother Jack has only recently married. He lives in Edmonton. Georgena said sadly that it had been a bad year for them. Her father-in-law, her Aunt Helen Kermode and her father had died during the same three month period. Georgena herself is as lovely looking as ever and it was a real pleasure to see her again.

Next Saturday should solve Christmas shopping problems for many people with the array of things being offered at both the Anglican and United Church bazaars on that date. In addition the Anglicans will serve their annual turkey supper beginning at 5:30.

Drayton Valley had two interesting guests this week in the persons of Pat Davis and Keith Wyllie of Niagara Falls, Ontario. Pat Davis is the son of Tom Davis, a pioneer of this area. The Davis live on a grape farm called Irish Acres and have attained fame for the quality of their fruit. Both Pat and Keith have dairy herds in addition to their extensive vineyards. The boys are travelling across Canada by camper and went on to Jasper and Banff after leaving Drayton Valley.

Mrs. Norman Arnold is in the local hospital where she is resting after an operation. Best wishes for an early recovery, Mrs. Arnold.

Miss Glenda Galloway left last Thursday to complete her Grade 12 in Cloverdale, B.C. Glenda is the sort of person any town can ill afford to lose. She has always been active in the local drama club and last year played the female lead in Rise and Shine which reached the Alberta semi-finals. Glenda taught Sunday School at All Saints and was an assistant at the Municipal Library at the same time. Besides being a good student she has found time to take a special

interest in the school drama club and the school paper. During the past summer she took a Youth Leadership Course at Drumheller, and supervised the children's wading pool in Rotary Park. Best of luck, Glenda. We are going to miss you.

Michael Gornley, Recreation Director, stopped in mid gallop long enough to give me some of the details of Father Murray's address at the Edmonton Husky Athletic Association Football Banquet reported in this paper last week.

As you all know Father Murray is one of Western Canada's most colourful characters. He has a reputation for forceful and uninhibited speech. There is a possibility that this fascinating personality may some time come to Drayton Valley. This is a function I refuse to miss. Should the powers-that-be decree an all male gathering I'm still going if it has to be disguised as Jackie Gleason.

## IMPORTANT MEETING FOR PARENTS

A most informative evening will be held Thursday, December 14th at 8 p.m. in the Jr. High School Auditorium when the guest speaker will be Dr. W. Bobey who is on the staff of the Edmonton Guidance Clinic (Division of Mental Health.)

Dr. Bobey will explain the workings of the Guidance Clinic and the role played by psychiatrists, psychologists and social workers. He will explain how the different types of patients are handled and inform parents of the warning signals they might watch for in their own children.

We would urge all residents of the town and district to attend and hear this most interesting speaker as it is felt this is one of the most important problems of our time.

## Stockmen Plan Banquet And Dance

Under sponsorship of the West Alta Livestock Breeders Association a farmers and ranchers banquet and dance will be held on November 24th. The evening's program will get underway at 7:30 p.m. in the Elk's Hall.

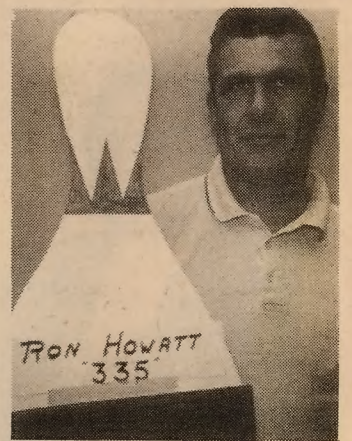

A guest speaker will be in attendance.

Tickets are now on sale at \$5.00 per couple and may be obtained at Sekura Auctions.

## MAGNOLIA NEWS

Mrs. G.P. MacDougall,  
Correspondent.

Lavern June had the misfortune of having his leg cut while working on the bridge. The opening required 22 stitches to close.

Danny McCracken and Beverley Anderson were 11 years old November 5th.

Construction on the south end of Magnolia road is nearly finished. There were two new bridges built this summer, one over the Sturgeon Creek, the creek being diverted earlier in the year to prevent spring floods, the other bridge is an underpass for the CNR bridge to eliminate the present railway crossing.

Mr. and Mrs. Cecil June accompanied by Mr. and Mrs. Ernie Williams of Highvale motored to Fort St. John over the weekend to attend the wedding of a relative.

## Economic Water Resource Development

Economic studies on flood control projects are presently being carried out by the Economics Division of the Alberta Department of Agriculture on a number of waterways, including the Sturgeon river, the Vermilion river, and Ribstone creek.

W.M. Bayda, resource development economist, explains that the studies are intended to ensure that maximum benefits will be obtained from water control in flood areas. Although the provincial Water Resources Division, which is responsible for the design, construction and maintenance of water reservoirs, dams, and drainage ditches, has carried out many such projects in the past without the aid of economic and sociological studies, the tremendous cost involved today makes it essential to justify the expense by obtaining the maximum benefits from water control.

Mr. Bayda points out that

the economic studies explore all the ways that the water could be controlled and put to beneficial use.

Since flood damage and the possible benefits from water resource development concern the local residents, the initial information on the present situation, possible solutions to the problem, and probable benefits is obtained from such people as the district agricultural and municipal counselors in the area.

After the preliminary information has been compiled, a farm to farm survey is conducted to obtain more specific information on the extent of the flood damage experienced in the past, and the benefits that the farmers envisage from the proposed course of action. When all the engineering and agricultural aspects of the project have been worked out, the benefit-cost relationship is computed to determine the economic justification.

## Remembrance Service Held at Alder Flats

By Bernice Johnson

At Alder Flats, Armistice Day started off at 10:30 a.m. with Mr. Ross in charge of the parade and Leslie Speakman giving the commands. Frank Pye carried the Union Jack, followed by the Veterans, Ladies Auxiliary, Cadets, Kadets, Boy Scouts, Girl Guides, Wolf Cubs and the Brownies. Kadet Lois Schauerte carried the Canadian flag.

The parade then proceeded to the Community Hall where the general public joined in for the Remembrance Service given by Father Godin of Winfield. The organ was played by Mrs. McBurney with Mrs. Schauerte leading the singing.

Father Godin being originally from Holland, expressed his favorable views on how much the Dutch people appreciated the Canadian service men during the war, so much in fact that each of the graves in the All Canadian Cemetery in Holland have been adopted by

them and given special care.

Every year on November 11 some 1200 school children parade to the cemetery to place a flower on each grave. In Holland they also sell poppies with the proceeds used to bring a Canadian over there to visit the grave-side of a loved one.

Following the two minute silence, a wreath was placed on the cross by Mrs. Grant.

The procession then proceeded back to the Legion Hall where the boys and girls were treated to pop and chocolate bars and the Ladies Auxiliary served a delicious stew dinner.

At the cemetery, wreaths were placed by Mrs. Pye on the graves of our veterans, Percy Pye, Stanford Melin and Dick Cyr.

In the evening a closed dance was held at the community hall with a large crowd attending.

Cindy Smith is shown making a presentation to Mrs. Bea Wickens on behalf of the Thursday evening Brownie group. Mrs. Wickens is the former leader of the group.

## Plan Annual Supper for Senior Citizens

The time is here again for the annual senior citizens supper sponsored by the Order of the Royal Purple.

The supper will be held in the Elk's Hall on Tuesday, December 5th at 6:30 p.m. Anyone who is 65 years of age or older (spouse included if younger) are eligible to attend free of charge, if receiving mail in Rocky Rapids, Violet Grove, and Drayton Valley district to the river east.

As many as we know of will be contacted by mail. If you do not receive a letter or know of someone who hasn't please phone 542-3637 or 542-2190 or contact Mrs. McMorris at 542-3327.

Rides will be provided if needed.

### COUNCIL BRIEFS

A regular meeting of the Drayton Valley Town Council was held in the Council Chambers on Thursday, November 9th with all members of the council present.

\* \* \* \*

The secretary-treasurer led a discussion on the Expenditure Control Report for September 30, 1967 and it was moved and carried that the report and financial statement for September 30th be accepted as presented.

\* \* \* \*

A letter from legal counsel regarding electrical cords crossing sidewalks (either over or under) was read and discussed. From the contents of the letter it is apparent that Town Council has no alternative than to deny the installing or laying of electrical cords across the sidewalks to service automobile heaters.

\* \* \* \*

The secretary-treasurer brought a report to Council regarding apparent problems of drainage on Oscar Johnson's property north-east of the town supposedly resulting from runoff from the town.

It was moved and carried that council approach the Waterways Division of the Department of Natural Resources to discuss the problem and get advice on the matter.

\* \* \* \*

W. Rose, council representative on the Recreation Board, reported on the board meetings of October 17th and November 7th.

\* \* \* \*

Council authorized the confirmation of the acceptance of the arena maintenance and operations contract bid from Les Tucker for the amount of \$5,500 for the six-month season.

### BUCK CREEK NEWS

The last ladies meeting had a good turnout with 14 ladies and 3 guests present, of which 2 joined afterwards. A bingo and bake sale was held in the hall.

We are sorry to hear that Mrs. Haukedal is a patient in the Drayton Valley Hospital, where she is undergoing surgery. We all wish her a speedy recovery.

Don't forget the dance on November 24th and the first Whist Game on the 25th.

LITTLE ADS DO BIG WORK

# Leave the wife a tip.

A penny tip? Unheard of! But this is no ordinary penny. It's a power penny! The only penny that has doubled its value in the past 20 years. While the cost of living has gone up, the cost of electrical living has come down. Here are a few good "power penny" tips. Tell the wife!

Bake 5 cakes for one power penny.

Brew all the fresh coffee you can drink in a day for one power penny.

One power penny lights the way to your front door for 5 long hours.

One power penny toasts 50 slices of bread — light or dark.

One power penny dries 2 lbs. of clothes — ready to iron or put away.

A floor polisher and a power penny — another shining example of electrical value.

MORE POWER TO YOUR PENNY with today's electrical living!

**CALGARY POWER LTD.**

Serving Albertans for over half a century

## BERRYMOOR NEWS

On Friday, November 10th, Miss Lynn Horsman of Berrymoor and Mr. Frank Horvath of Breton were united in marriage at St. Anthony's Church in Drayton Valley. Following the ceremony a reception and dance was held in the Lindale Hall. We offer congratulations and best wishes to them.

Mrs. Blanche Horsman of Bigsons, B.C. is visiting in Berrymoor with her son, Tom, and his family for awhile. She came to attend her grand-daughters wedding. Mrs. Horsman lived in Berrymoor for a number of years and it is a pleasure to see her again.

Last weekend saw a sudden fall of snow. A few motorists had a sojourn in the ditch but nothing serious was reported.

Mr. and Mrs. Allen Bryant of Edmonton spent the weekend with Mrs. Bryant's parents, Mr. and Mrs. Harry Campbell.

Mr. and Mrs. Jim Martin and family from Cowley, Alberta were weekend visitors at the home of Jim's parents, Mr. and Mrs. George Martin.

The Three B's Club of Berrymoor will be holding a bazaar and bake sale at the home of Mrs. Martin Lietz on Saturday, November 25th.

On the evening of November 15 a group of neighbors gathered at the home of Mr. and Mrs. H. Hildebrand, the occasion being Mr. Hildebrand's birthday. Happy Birthday,

Hank, and many more.

A rarity in the Cribbage world was reported recently. Thomas Bijou of Lindale obtained a hand that counted for 29 points while playing Cribbage with Henry Leskie. For those who aren't familiar with the game a 29-hand is the perfect score and is only very rarely seen.

Mrs. Donald Martin and her sons Charles and Fred spent last Saturday afternoon with Mrs. Olga Lindell of Breton. Mrs. Lindell is Mrs. Martin's mother.

A number of Tupperware parties have been held in the Berrymoor district during the past few months. The next one will be held at the home of Mrs. D. Martin on the afternoon of November 29th.

## LAFF OF THE WEEK

"Well, that completes all my shopping for Christmas cards and gift wrappings."

## TOMAHAWK NEWS

The Tomahawk and District Club held its regular meeting on November 13th. A report was heard on the success of the social evening which was held on November 10th.

The club is sponsoring the Tomahawk Totem Bantam Hockey Club. The Tomahawk Totems have joined the Drayton Valley Hockey League. They play hockey in the Drayton Valley Centennial Arena twice a week. Come out and support our young boys.

The New Year's Eve Dance was discussed. Permission was received advising the club that dancing will be permitted for two hours on Sunday night, December 31st. So the New

Year's Eve dance will be held on December 31st in the Tomahawk Hall from 10 p.m. to 2 a.m.

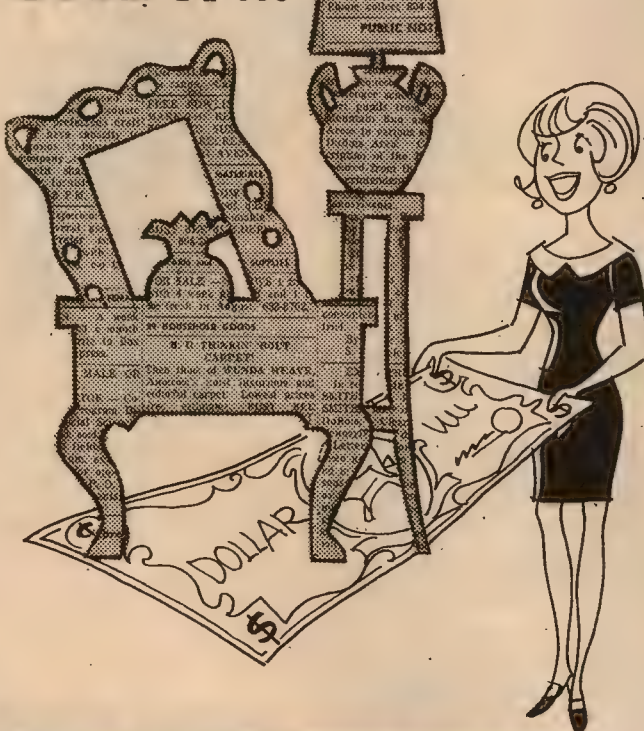

The electric range which has been installed in the hall kitchen works wonderfully and sure is a big help in preparing hot suppers.

David Lukaniuk has been a patient in the Drayton Valley Hospital with a broken nose after being kicked in the face by his horse.

Congratulations go out to Mr. and Mrs. Clemens Bustin who are celebrating their 40th wedding anniversary on November 22. Also congratulations to Mr. and Mrs. Rudolph Reich who are celebrating their 25th wedding anniversary on November 20th.

Get well wishes are sent to Mr. Clare Millenbecker who has undergone surgery.

### NEW FABRICS AND FINISHES

No Canadian market proves as confusing to the consumer as that of the yardgoods or textile departments.

At the turn of the century we knew wool, cotton, linen and silk as our primary sources of clothing materials. We didn't need labels to tell us which was which--you could tell by feeling the goods, i. e. by the hand. Now, in the era of man-mades, this is no longer so and yet adequate labeling is still a thing of the future.

What triggered the research for man-made fibres? The cost of silk. Consequently, man attempted to find an inexpensive silk substitute. The first fibres to appear on the markets were derived from a cellulose base, the semi-synthetics: Rayon, the Acetates.

### RAYON

A silk substitute was a reality as early as 1885. In 1924 the nomenclature changed, from artificial silk to Rayon. Though many processes for production evolved, most of today's Rayon is produced by the viscose process and is technically known as regenerated cellulose.

All rayon is made from cellulose derived by purifying cotton linters or wood pulp. Rayon is second only to cotton in the amount consumed. Its low

cost of production is perhaps its most important asset, making it widely available for all income levels. Though its first use was in the clothing field, by 1957, 75% of the rayon produced was used for industrial purposes, mainly tire cord, or home furnishings.

The trademarks Coloray, Corval, Topel, Fortisan, Dorafil, Dynacore, Eulan, Fibre and Tyrex all denote the same generic name or family--Rayon.

In yard goods, rayon is used alone or in blends with other natural or man-made fibres. Butcher "linen" is 100% rayon. Rayon is absorbant, therefore it is a comfortable fibre to wear in summer. It dyes readily, thus is available in a wide range of colours. Special finishes may give it properties of crease resistance and water repellancy.

Dry clean Rayon fabrics (unless labelled washable). When laundered, Rayon can be ironed damp and on the wrong side. Avoid chlorine bleaches.

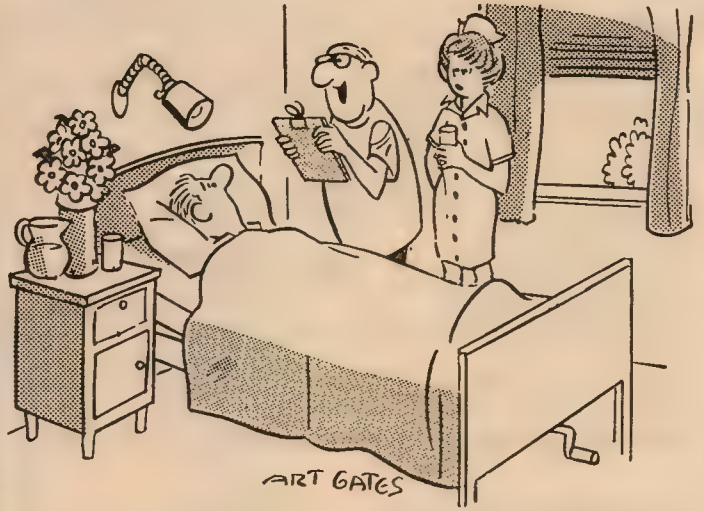

Rayon has made its own place, not replaced silk as was originally conceived.

## PROJECT APPROVED

Completion of the land use mapping project within the boundaries of the Canada Land Inventory--started as an ARDA project in 1965--in settled and fringe areas of Alberta has been approved by Alberta Agriculture Minister H. E. Strom and Federal Forestry & Rural Development Minister Maurice Sauve.

Some 123,000 square miles have already been mapped over a three-year period at a cost of \$140,000 paid from federal funds. In order to complete this work, an additional \$13,000 is needed for the interpretation of photos and mapping of land use patterns for approximately 30 map areas.

This work will be done primarily in the Manning-High Level-Fort Vermilion area of Alberta, but will include a northwestern part of the Seven Hills. The mapping is to be

"You'll be feeling better soon or I miss my guess!"

done from air photographs by summer employed University graduate students with experience and training in photography interpretation, and by other full-time checkers and interpreters.

The project will be undertaken by the Geography Department, University of Alberta under the supervision of Dr. A. H. Laycock.

A Penguin can swim at speeds up to 25 miles per hour. There are 20 living species of penguins with the largest over 3 feet tall.

## Proudly introducing Alberta Junior Citizens of the Centennial Year!

### Class 91, Sherwood Heights School Winners of the Group Award

Class 91 campaigned to have the birthday of Sir John A. MacDonald (January 11) declared a national holiday. Over a thousand letters were sent to government officials, news media, schools and other organizations across Canada. The students contacted all major Canadian television and radio stations with ideas for special programs to commemorate the occasion. True, the holiday was not declared, but Class 91 received telegrams from Rt. Hon. L. B. Pearson, Hon. J. LaMarsh, Hon. John Robarts, Rt. Hon. J. Diefenbaker and others. Class 91's January 11 celebration was seen on national television.

We congratulate Class 91 of Sherwood Heights School and thank Alberta's Weekly Newspaper Editors for their active participation in the Alberta Junior Citizen of the Year program, sponsored by Alberta's investor-owned electric utility companies.

This is one of a series of Junior Citizen Award announcements. Our special thanks to the group's nominator, Mr. A. Schindeler.

## Bantam Bowling

Team standings in Bantam Bowling as at November 15th are as follows: Glen, 3, Grant 2; Craig 8; Loretta 4; Lenard, 4; John 7.

Girls high single and double was bowled by Brenda Harris with 145 and 283 pins.

Boys high single was bowled by Craig Featherstone with 198 pins and Grant Gabrielson bowled 378 to capture the high double.

Craig's team bowled a high single of 707 and the high

double of 1290.

Girls high averages are: Vicki Hurley, 119; Loretta Fowler, 119; and Brenda Harris, 118.

Boys high averages are: Grant Gabrielson, 168; Craig Featherstone, 164; and John Shewfelt, 129.

## Ski Club To Meet

A meeting of the Drayton Valley Ski Club will be held at 8:30 p.m. on Thursday, November 23rd in the Recreation Office of the Town Hall.

# Pipeline Program Researches New Transportation Idea

A 3,500-foot loop of four-inch pipeline has gone into service on the southern outskirts of Edmonton in a program of advanced research into a new concept of transportation. It is the transmission of solid materials by capsule pipeline, in which extensive pioneering work has been done by the Research Council of Alberta.

The project is a combined endeavour of the Federal and Alberta provincial governments and private industry, financed to a total of \$500,000 for one year, ending March 31, 1968. Depending on an analysis of its findings, the program may

be extended.

The Solids Pipeline Research and Development Association (APRDA) retained the Research Council of Alberta to build and operate the test line, on a site leased from the City of Edmonton. Federal Department of Industry participation provides for funding half of the cost through the Program for the Advancement of Industrial Technology (PAIT), a program started in 1965 to help Canadian industry improve its technology and expand its efforts into new fields.

The Solids Pipeline Research and Development Association is a non-profit company made up of firms whose primary interests are in the fields of rail and pipeline transportation, steel and pipe manufacture, oil, sulphur, coal and other mineral production.

The present project encompasses advice and evaluation of research data and feasibility and economic studies by some nine consulting firms working under contracts with SPRDA and a sister organization, SPESA, (The Solids Pipeline Economic Study Association).

The Research Council of Alberta, a world pioneer in research into capsule pipelining, has conducted experimental work for ten years, and is recognized as one of the leading research laboratories in the field of transporting solids in pipelines.

Engineering data from the four-inch line in the new program is expected to confirm, and to yield further information on, results already achieved in exhaustive testing on smaller-scale installations. More than \$800,000 has been invested in this field by the Research Council of Alberta during the past decade. A number of basic patents have been obtained, and many scientific and technical papers have been published.

The 3,500-foot test loop being used in the current program includes an 800-foot scaffold-supported section which rises to a height of 37 feet. This incline and decline section will provide data on the influence of uphill and downhill grades on the flow performance of capsule trains in a pipeline.

In initial testing, capsules of various lengths, diameters and specific gravities will be inserted in the line in "trains" of varying numbers. They will be pumped through the loop in oil or water at various line

velocities.

The highly sophisticated system with its complex instrumentation is designed for one-man control, from a console in the headquarters trailer. Lights flashing on a schematic chart of the loop will trace the progress of a capsule train through the line, triggered by 39 photo electric cells in the pipe. Other sensors in five test sections will record temperature and pressure as well as velocity and spacing data, and register them on computer tape.

Processing of the tapes by computer will provide detailed analyses of the behaviour of the capsules through all conditions of curve, incline, decline and straightaway, and with varying combinations of carrying fluid and velocity.

In addition to the member companies of the Solids Pipeline Research and Development Association, many supply and service companies have contributed to the successful installation of the pilot plant by expediting material and equipment and assisting in its assembly.

## YOUR VALUE

An individual is worth a little more than a dollar. His body, broken down into its chemical parts and sold commercially, a person weighing 160 pounds would have that much value. A man weighing 140 pounds contains enough fat for seven cakes of soap, carbon for nine thousand pencils, phosphorus enough to make two thousand match heads, Magnesium for one dose salts, iron to make one medium-sized nail, sufficient lime to whitewash a chicken coop, enough sulphur to rid one dog of fleas, and water enough to fill a ten-gallon barrel. Chemically studied the human body is not worth very much.

## Club Plans Tree Sale

The regular monthly meeting of the Pembina 4-H Field Crops and Lobstick 4-H Beef Clubs was held at the Bruner home in Evansburg on November 10th. Sixteen members, ten parents and leaders and one special guest were present.

In the absence of the president, vice-president Danny Szutiak chaired the meeting. The meeting was opened with recitation of the 4-H pledge and the reading of the minutes of the previous meeting.

Discussion on Christmas trees took place and it was decided that we would cut trees on December 2nd; these will be sold to raise funds for the club. It was decided that the calves would be tagged on November 26th. A Christmas party was discussed and then turned over to the recreation committee.

The year's club program which had been planned by the executive and leaders at a

special meeting was presented to the members and accepted by them.

Mr. Hutchinson, leader, presented Allen Mazeppa with a trophy for having had the best report at a meeting held last year. The meeting was then adjourned and lunch was served. The next meeting will be held on December 8th, at the Hutchinson home.

## Extend Thanks

At a recent Cadet Bingo Mrs. P. Dusterhoff and Mrs. Olga Mulyk donated chocolates and Christmas Cakes which were raffled. Donuts also donated by these ladies were sold at the concession booth. The proceeds will be directed towards the local Air Cadet movement.

The Cadets extend their sincere thanks to Mrs. Dusterhoff and Mrs. Mulyk for their generous contributions.

The earth is the fifth largest planet of the solar system.

## Health Hints

from  
THE CANADIAN MEDICAL ASSOCIATION

### CHEST PAIN

Pain in the left side of the chest can be due to many causes, according to The Canadian Medical Association.

The pain located directly over the heart is usually due to causes other than heart disease.

Pain that is cardiac in origin most often occurs directly in the centre of the chest behind the sternum or breast bone. It is usually related to exertion, the pain coming on with exercise and diminishing or disappearing with rest. It may also carry over to the neck, lower jaw and arms--particularly the left arm.

Because the heart is situated in the left chest, any pain originating in this area causes the average person a certain amount of anxiety. We are all concerned about heart disease. In fact there are many conditions that cause pain in the left chest. The "painful anterior chest wall" is a well-

recognized clinical condition. Also, any disease of the left lung, the pleural lining of the lung, the ribs, the small muscles between the ribs, nerves, fat or skin, could cause pain in the left side of the chest.

Even diseases outside the chest including ulcers and gall bladder disease, can sometimes be felt in the left chest area.

The C.M.A. says that early attention by the family physician is the best solution to the problem of chest pain. All chest pains should be diagnosed, because some of the causes are serious.

November 14--Mrs. Terry Mulgrew (Brigid), Drayton Valley - Boy - 7 lbs. 9½ ozs.  
November 16--Mrs. George Robertson (Isobel), Drayton Valley - Boy - 7 lbs. 9 ozs.  
November 17--Mrs. Allan Starozik (Doreen), Drayton Valley - Boy - 7 lbs. 14½ ozs.

## Couple Celebrates 58th Anniversary

Mr. and Mrs. Jay Town of Moon Lake celebrated their 58th wedding anniversary on November 19th.

Mr. and Mrs. Town were married in Hammer, Saskatchewan in 1909 and settled at Moon Lake in 1930 on a home-

stead where they still reside. Both were born in Paynesville, near Minneapolis, Minnesota.

Ten of their eleven children are living and the couple have 36 grandchildren and 26 great-grandchildren.

## Zone Meeting

Members of Lions Clubs throughout this area were present at a meeting of Zone 2, District 37B of Lions International in Drayton Valley Monday evening. Clubs represented were Devon, Calmar, Thorsby, Winfield, Leduc, Lodgepole and Drayton Valley. From left to right in the photo are Gordon Hay, Drayton Valley, Fred Kaarsemaker, Drayton Valley, Pete Nebo, Leduc, Orest Lundberg, Leduc, Len Kay, Lodgepole and Dave Yakimowich, Lodgepole.

## Amateur Boxers Present Interesting Fight Card Here Friday Night

There was plenty of exciting action in the Drayton Valley Elk's Hall last Friday night when local boxers showed that they can cope with any competition from other boxing clubs.

Since the advertised main event had to be cancelled because of an injury to Miles White in Edmonton, John Teeter of the Pembina Boxing Club and Loren Duncan of the Edmonton South Side Legion fought in the main event. As expected, the rematch of these two light middleweights proved to be a very hard hitting and thrilling bout, worthy of any main event. In fact, the fighters were so closely matched that the judges could not come to a unanimous decision; two judges gave the edge to Duncan, and the third gave it to Teeter.

Although it was his first competitive bout, Ronald Bartex of Drayton Valley won the trophy for the "Best Local Boxer" after displaying the straight and accurate punching of a more experienced boxer in winning his bout in the 75 lb. class. For his skill in defeating Drayton Valley's Dale Johnson in the light welterweight class, Bobby Guzak of the South Side Legion won the trophy for "Best Visiting Boxer." Obviously, the trophy judges had no difficulty in deciding the winner of the "Best Sportsman" award. This went to Drayton Valley's 63 lb. Kerry Brown who fought like a ferocious little tiger against his heavier and more experienced opponent.

Unfortunately, the boxers put on their fine boxing card to a smaller than expected number of spectators. But those that did attend apparently enjoyed the card immensely.

Many individuals gave their time and effort in presenting this card but it could not have been presented without contributions from the following: Drayton Valley business firms; J & A Trucking Ltd., Swanee Well Servicing, Pembina Drugs, Cardium Theatre, Drayton Valley Hotel, Roy Burrows Motors, Imperial Lumber, and Doctors Waugh and

Eustace.

Following are the results of the bouts: 1. Ken Sorenson vs. Bruce Anderson (both of Rocky Mountain House), 44lb. class exhibition; 2. Tony Cadrain (R.M.H.) lost decision to Danny Brown (D.V.) in the 85 lb. class; 3. Rickie Klippert (D.V.) lost decision to Bobby MacIntosh (S.S.L.) in the 85 lb. class; 4. In the 75 lb. class Ron Bartek (D.V.) won decision over Randy Tokarchuk (S.S.L.); 5. In the 90 lb. class Larry Shewfelt (D.V.) lost decision to Brian Ferguson (S.S.L.); 6. In the 85 lb. class Bert Duperron (D.V.) won decision over Tony Lecuyer (Alta. Gym); 7. Kerry Brown (D.V.) lost decision to Calvin Haseniuk (S.S.L.) in the 70 lb. class; 8. Ray Duperron (D.V.) lost decision to Lloyd Cadrain (R.M.H.) in the 90 lb. class; 9. Jerry Ball (D.V.) 1st rd TKO over John Cardinal (S.S.L.) in the 118 lbs. class. 10. Walter Mastre (D.V.) 1st rd. KO over Wayne Hooks (Breton) in the 126 lb. class. 11. Dale Johnson (D.V.) lost decision to Bob Guzak (S.S.L.) in the 137 lb. class. 12. Don Ferguson (S.S.L.) lost decision to Terry Guzak (S.S.L.) in the 112 lb. class; 13. John Teeter (D.V.) lost split decision to Lorne Duncan (S.S.L.) in the 156 lb. class.

### Beef Club Meets

Heather MacLean, Reporter.

A meeting of the Alder Flats 4-H Beef Club was held in the community hall on November 10th with 12 members present.

The annual Turkey Shoot and Pancake supper was discussed. The turkey shoot will start at 4 p.m. and the supper will start at 6 p.m. on November 25th.

A discussion was held on the continuing of the Pee Wee Club. It was decided to ask anyone interested to please attend the next meeting. The age group for the Pee Wees is between 10 and 12 years of age.

The next meeting date is December 8th.

## CARNWOOD

Mrs. Rose Saunders  
Correspondent

Visiting at the home of Irene and Gordon Gillespie were Mr. and Mrs. Bill Roos of Buck Creek, Mrs. Povey and Beth Turchinsky of Edmonton.

Mr. and Mrs. Reg Gillespie and girls were visiting with Mrs. Opal Ward.

We're glad to see that Mrs. Blance Barnett is coming along nicely.

Mr. and Mrs. Ben Petrie were visiting the Cox's home.

Our deepest sympathy is extended to Mrs. Alvin Ellis and Mr. Fred Maxwell on the passing of their uncle, Mr. Fred Hall of Mayerthorpe.

Congratulations and best wishes from the community go out to young married couples, Mr. and Mrs. Frank Horvath, nee Lynn Horsman) and Mr. and Mrs. Kenneth Gladstone (nee Alice Hanson).

Mr. George Colby and Dickie Bowen were home over the weekend from Slave Lake.

Mrs. Irene Gillespie and Mrs. Cecile Jacobsen returned home from the 4-H Leaders Convention at "Lake Isle". They reported a very interesting and enjoyable time.

Mr. C. Luna was visiting with Mr. and Mrs. Frank Cox.

Mr. and Mrs. Wilfred Bevan and family were visiting the Jim Saunders home.

Mr. and Mrs. Terry Maxwell dropped in for a visit with Mr. and Mrs. Alvin Ellis.

Edithe Colby spent the weekend with her friend, Gwen Laughlin of Berrymoor.

## Third Section

## THE WESTERN REVIEW

Drayton Valley, Alberta

Vol. III, No. 48 Nov. 22, 1967

## Special Service Planned

At the United Church Anniversary Service on Sunday, November 26th at 11 a.m. the special speaker will be Dr. Allan Stewart, Bio-chemist at the University of Alberta.

Dr. Stewart, born in Kingston, Ontario, graduated at Queen's University with a Master of Arts degree and at Western University, London, Ontario with a Ph.D. in medical research. Between both graduations he sailed the ocean in a hospital ship from 1941 to 1945 during the war.

Dr. Stewart as a professor at the University tries to make the students understand the basic science of clinical medicine.

A social hour after the service on Sunday will be held in the Church parlour through courtesy of the United Church Women.

Everyone is welcome.

## Regular Meeting Lutheran Ladies' Aid

The Emmaus Ladies Aid held their regular monthly meeting on November 16th at 8 p.m. in the Church basement.

After an opening devotion by pastor Drawbaugh, a study of Our Church and Others was begun discussing the historical setting of the Christian Church.

Four new books from the Encounter Series were purchased for the Church Library: The New Leisure, The Hungry World, Mental Illness, and The Urban Society.

Clothing for Canadian World Relief has been sorted and

packed. It was noted that men's and children's clothing is especially needed.

A second set of Altar Paraments have now been ordered; the color is purple symbolizing the royalty of Christ, and the attached emblem is the Cross and the Crown symbolizing the suffering and the kingliness of the Lord. This set is to be used during the seasons of Advent and Lent.

Again this year subscriptions to This Day magazine will be placed in the Drayton Valley Municipal Hospital and in the

Medical Center Building.

A new cook book is now available to Lutheran Congregations composed entirely of dessert recipes titled: "Favorite Recipes of Lutheran Ladies Desserts." This augments the first cook book made available last year composed of meat dishes.

The Community Christmas Choir under the direction of Dr. H. MacLure will present its 1967 Christmas Concert at Emmaus Lutheran Church on Wednesday, December 20th at 8 p.m. This is open to the public. All who are interested are invited and encouraged to be present. The Ladies Aid will serve coffee and cookies after the concert in the Church basement.

The December meeting of the Ladies Aid will be held one week earlier than normal, December 14th. At that meeting the Ladies will prepare the Christmas Treats for the children's Christmas Service on December 17th.

## Summary Separate School Meeting

The Board of Trustees of the Drayton Valley Roman Catholic Separate School District No. 111 held its regular monthly meeting on November 12th, 1967 with all members of the Board present.

Newly elected Trustee, Mr. Claude Albert took the Oath of Office. Mr. E.C. Meraw was nominated Board Chairman and Mr. A.J. Telford, Vice-Chairman for the next term.

Principal Mr. J.A. Orioux advised that a Christmas Concert is being planned for December 21st, 1967.

Final approval has been received for the construction of an addition to St. Anthony's School and construction has been progressing very well under the favorable weather.

Mr. Meraw attended the Alberta School Trustees Associat-

ion Annual convention at Edmonton and presented the Board with a very favorable report.

Goliad Gas and Oil Limited donated \$100 to St. Anthony's School to be used for scholarship or library purposes. The Board agreed to use the donation for library purposes.

Next regular monthly meeting is scheduled for December 10th, 1967 commencing at 8 p.m.

Roll up your sleeve to save a life...
